

Thank you so much for the driving lessons. First, it was a surprise for me that the driving was done with mini horses. You are an amazing teacher, coach and mentor who showed patience and gave me great feedback and guidelines. The program in itself was awesome. In 10 lessons, it gave me the opportunity to learn what horse driving was and also the different possibilities in employment. I really enjoyed being able to try outdoor driving, dressage, cones courses, gates and all the other fun activities we did. The experience was incredible and so enjoyable. **I would highly recommend Lombard Farm for Pip's dedication and love for the sport.**

Thank you,
Zoe Belanger
