

The BC Carriage Driving Society 2024 Brian Jensen Junior driver bursary recipients have either completed or winding up their set of 10 lessons. We were pleased to see recipients from multiple parts of the province participate, thanks to those coaches who made this happen!

Wyatt with coach Susan Butkiewicz, completed her set of lessons and was driving solo in an enclosed space, as well as with Susan beside her around a pattern of barrels in the field and down a quiet farm track. Right from harnessing, putting to and the driving itself Susan felt Wyatt has a good aptitude for driving and we hope we continue to see Wyatt out.

Scarlett Campbell with coach Kay Veinotte had a great time over the summer driving both a pair and 4 up of minis with Kay! Scarlett says she found driving the 4 exciting but a bit scary! She looks forward to continuing her driving and also for navigating for her Mom. She is also looking forward to the upcoming derby that Kay will take her to. Go Scarlett!

Emelia Huxtable was able to travel down to do her lessons with Ken Huber at 70 Mile, with other people also contributing to her wonderful stay. She was able to get her own horse well started on it's driving career, and she was able to enjoy driving "going" horses of various sizes on the farm. What a great experience she had and we look forward to seeing her out with Zena in the future.

Amanda Baerg also did her lessons with Kay Veinotte and had a grand time driving the mare Ellie as a single and also drove a pair of minis. She learned harnessing and hitching up of both the single and the pair. She also enjoyed riding behind Kay as Kay drove. She is looking forward to going to the season end Derby in the lower mainland with Kay, and driving the mini pair. She is inspired to start her own mare ground driving, and that is certainly great news!
